

RHYTHM JAPAN

GLOORIOUS CAFES GET A BRAND-NEW LOOK

IMMEDIATE RELEASE
24th October 2017

www.RhythmJapan.com

Nothing kicks off a morning in the mountains quite as nicely as an invigorating cup of specially brewed coffee! Glorious cafes are located inside Rhythm Japan's stores in both Niseko and Hakuba. The cafes have been given a fresh look to reflect the harmonious partnership between winter activities and caffeine. Check out the new logo!

The cafes have also partnered with a new supplier, Allpress Espresso. Allpress has been chosen because of its consistently smooth and inviting blend. Allpress beans are roasted using the Hot Air Roast Method, which elevates natural sweetness and gives lasting flavour.

At Glorious all our baristas take pride in crafting balanced, delicious cups of coffee, tailored to the specific tastes of each customer. So whether you enjoy a cappuccino, a flat white, a mocha or a soy milk double shot long macchiato with half a sugar, our Glorious baristas will serve you with a smile.

You'll find Glorious just through the doors of both Rhythm's shops, which are located on the main intersection in Niseko and next to the Mominoki Hotel in Wadeno, Hakuba. Glorious is the ideal place to meet friends before you head out for the day skiing or snowboarding, or if you want to enjoy a pick-me-up as you're exploring the towns.

Glorious also serves hot chocolates, a range of teas including chai and babycinos for the mini-shredders. You'll also find an assortment of tasty sweet treats to fuel you as you enjoy the mountains and the streets of Niseko and Hakuba!

We look forward to seeing you this season.

Love from the Glorious Team.
